**RE: Cities EoP Military Necessity Evacuation Lotto Notice: Re: EoP Axis Military
Necessity Mutual Coercion Evacuation**

Adding all the respondents EoP [Swiss Federal Council](#) and [International Criminal Court](#)
respondents to the [Commonsism Map](#) before beginning to notify the cities is going to take a
while. I also have not begun – let alone finished - notifying the World Economic Forum
respondents of the Radical Honoursty –v– Bilderberg Group & World Economic Forum
complaint filed with [Austria Federal Police](#).

So I shall interrupt aforementioned [Acting MILED Clerk administrative closure duties](#), and
notify the following 25 countries that I shall be adding their cities to the [EoP Military Necessary
Evacuation](#) lotto; should the EoP Axis authorities wish to get started with implementing the
EoP lotto evacuations.

Twenty Five Countries whose cities are to be added to [EoP Military Necessary Evacuation](#) lotto
are respectively the top five countries for [nominal GDP](#): United States, China, Japan, Germany,
United Kingdom, [GDP per capita](#): Qatar, Luxembourg, Singapore, Brunei, Kuwait; [largest
cities](#): Brazil, South Korea, Mexico, Phillipines, India; [population density](#): Monaco, Vatican City,
Bahrain, Malta, St. Maarten; and [fertility rates](#): Niger, Mali, Burundi, Somalia & Uganda.

National and city administrators shall be provided a copy of this correspondence; which includes
the following copies of prior correspondence on these issues for city administrators and
residents EoP-Axis Oath decision-making consideration.

~~~~~ *~~~~~*

1. EoP Military Necessity Mutual Coercion Evacuation Information: [Excerpt: Text
Draft [PDF](#)]

Mutual Coercion to Whom:

* City Administrators of cities with populations greater than 25,500 residents. [A City's must be
separated by a green corridor of minimum 5 miles; between itself and neighbouring 'city' to be
considered a second 'separate city' for the purpose of 'resident counting'; and the green corridor
should be 25 miles from any third city.]

* All individuals and their biological children; in aforementioned cities who practice any of the
following licensed professions:

→ Lawyers | Psychologists / Psychiatrists | Media: Print, TV or Radio: Journalists / Editors /
Producers

* All individuals in aforementioned cities who practice any form of organized religious worship or charity with State non-profit status.

* Breeding / consumption war [scarcity combatant](#) extremist: Any adult individual over the age of 18 who qualifies as an extremist Scarcity Combatant: i.e. any individual who has co-procreated more than 3 biological living children with War is Peace cultural status; any individual whose capital assets amount to more than US \$ 2.55 million.

City Administrators:

City Administrators are to notify the 'EoP Axis of Mutual Coercion' officials from: USA: Pentagon; Russia: Kremlin; EU: NATO; China: People's Army; by 11 September 2015 or a subsequent date to be decided once draft is finalized; in a written statement under oath; of (a) your city's legal commitment to unconditionally cooperate to implement an [Ecology of Peace](#) international law social contract; or (b) the date by when they shall provide the EoP Axis of Mutual Coercion' authorities, with their legal objection arguments and evidence; objecting to the implementation of an Ecology of Peace international law social contract for humane and orderly depopulation and deindustrialization; which should include: the exact date by when the city shall be providing the 'EoP Axis of Mutual Coercion' with your cities detailed plan for orderly and humane depopulation of your city to below 25,500 citizens.

Any city whose administrators fail to notify the 'EoP Axis of Mutual Coercion' as required by the required date; shall be added to the 'EoP Military Necessity Mutual Coercion ICC Option" Lotto.

City EoP-Axis Oath:

We the appointed and elected executive, legislative and juridical officials of the city of _____; in the province or state of _____, country of _____; hereby notify the 'EoP Axis of Mutual Coercion' officials from: USA: Pentagon; Russia: Kremlin; EU: NATO; China: People's Army; of our legal commitment to unconditionally cooperate by hereby notifying our national appointed and elected executive, legislative and juridical officials of our support for the international implementation of an Ecology of Peace international law social contract via any one or a combination of [Ecology of Peace New World Order international law social contract options](#). [Signed]

Lawyers | Mental Health | Organized Religion & Charity Non-profits | Media | Scarcity Combatant Extremists:

Any individual living in a city with more than 25,500 residents; who fits the aforementioned profession and/or breeding/consumption war scarcity combatant status is to notify their city Mayor's office or an individual or office appointed by such Mayor's office; by the required date; in a written statement under oath; of (a) their legal commitment to unconditionally cooperate to implement an [Ecology of Peace](#) international law social contract; or (b) the date by when they shall provide the EoP Axis of Mutual Coercion' authorities, with their legal objection arguments and evidence.

Any individual who fails to notify their city administrators; as required by the required date; shall be added to the 'EoP Military Necessity Mutual Coercion ICC Option" Lotto.

Individual EoP-Axis Oath:

I _____, born on _____ in _____; employed as _____ at _____, resident in the city of _____ at address: _____; in the province or state of _____, country of _____; hereby notify my city's appointed and elected executive, legislative and juridical officials and 'EoP Axis of Mutual

Coercion' officials from: USA: Pentagon; Russia: Kremlin; EU: NATO; China: People's Army; of my legal commitment to unconditionally cooperate the international implementation of an Ecology of Peace international law social contract via any one or a combination of [Ecology of Peace New World Order international law social contract options](#). [Signed]

EoP Military Necessity Mutual Coercion ICC Lotto Evacuation:

“Idi Amin reckons that people in Africa can never make a decision and the only way you can get them to make a decision is put them in a box and knock their bloody heads in; or put a rifle up their bum.” -- Bob Astles, Advisor to Field Marshall Idi Amin; [The Most Evil Men in History: Idi Amin](#).

The EoP Military Necessity Mutual Coercion ICC Lotto shall be drawn by the Acting Clerk every second month on the 26 of the month; totalling two ICC lotto nations; excluding nations who have provided 'EoP Axis of Mutual Coercion' authorities with their National EoP-Axis Oath.

In the subsequent two months Pentagon and Kremlin authorities shall implement the **EoP Military Necessity Mutual Coercion ICC Option Lotto Evacuation** in all of the two ICC lotto nations cities; where ½ of the nations Lawyers, Mental Health, Organized Religion & Charity Non-profits, Media and Breeding / Capital War Scarcity Combatant Extremists and all their biological children; who have not signed an EoP-Axis oath; shall be evacuated/raptured from Planet Earth by means of military psychotronic technology. Put simply they will be given an instant heart-attack or stroke; or the simple quick and humane termination of their living organs; their dead bodies shall not be buried in cemeteries; but dumped in former grain silo's to be converted to compost.

The '**EoP Military Necessity Mutual Coercion ICC Option**' **Lotto Evacuation** shall continue until all nations on the planet have notified the 'EoP Axis of Mutual Coercion' authorities of their unconditional cooperation; and the international implementation of an Ecology of Peace international law social contract can proceed via any one or a combination of [Ecology of Peace New World Order international law social contract options](#).

The four EoP Axis nations are only to be excluded from the lotto once all of their city administrators have provided their national authorities with their City EoP-Axis oath; thereby providing the EoP Axis nations the mandate to declare their cities and citizens to be EoP Axis consenting cities and citizens; and subsequent thereto: to exclude their nations from the lotto.

Amending the lotto, from a 'city' lotto to a 'nation' lotto; shall hopefully provide the targeted scarcity combatants of all nations with a greater decision making incentive to unconditionally cooperate with EoP Axis authorities to implement an Ecology of Peace international law social contract; sooner than later.

2. City administrators and resident individuals EoP-Axis Oath decision-making

[Excerpt: Admin Corr [PDF](#)]

I have transferred EoP Axis documentation from *EoP v WiP negotiations legal correspondence to Psychology & Psychiatry Orgs* [PDF] to [EoP Axis Military Necessity Evacuation](#). Documentation: Chronology of Text Draft [PDF] and Admin Correspondence [PDF].

As I notify cities that they have been added to the EoP Axis Evacuation Lotto; I shall include the notification documentation in Cities Lotto Notice [PDF]. I shall also update the [Commonsism Map](#) with EoP Axis oaths and City Lotto Notice info; at least until EoP Axis Officials decide on a more appropriate official alternative where EoP Axis individual and city oaths can be documented.

I imagine Individuals and Cities decision making shall be based upon a combination of: (a) their own cultural decision making process; whether based on non-violent reason and logic reality or threat of force coercion; (b) if the former: Their EoP Oath decision making shall require information clarifying how and why EoP Axis Authorities should be supported to implement an Ecology of Peace international law social contract; that restricts all the worlds citizens to procreating and consuming below ecological carrying capacity limits; (c) if the latter: Their EoP Oath decision making shall require information clarifying that EoP Axis Authorities have access to (i) technologically capable of evacuating one or ten thousand or more pre-selected individuals from the planetary genepool by HAARP technology; and (ii) if so: would use it evacuate more than a few individuals at a time; to the extent of an entire city or cities.

Sustainable Security Military Necessity for implementing an EoP international law social contract:

“Higgins: It's simple economics. Today it's oil, right? In 10 or 15 years - food, Plutonium. And maybe even sooner. Now what do you think the people are gonna want us to do then? Turner : "Ask them." Higgins: "Not now - then. Ask them when they're running out. Ask them when there's no heat in their homes and they're cold. Ask them when their engines stop. Ask them when people who've never known hunger start going hungry. Do you want to know something? They won't want us to ask them. They'll just want us to get it for them." What do you want?” – Michael Ruppert: [In Your Face](#).

“I told myself it was beneath my dignity to arrest a man for pilfering firewood. But nothing ordered by the Party is beneath the dignity of any man. And the Party was right: one man desperate for a bit of fuel is pathetic; five million people desperate for fuel will destroy a city.” -- Yevgraf Zhivago; [Dr. Zhivago](#).

EoP Axis Authorities should be supported to implement an [Ecology of Peace](#) international law social contract; that restricts all the worlds citizens to procreating and consuming below ecological carrying capacity limits; because the current [Masonic War is Peace](#) international law social contract; and its ‘right to procreate’ breeding war and ‘right to consume’ Trillion Dollar externality capital war thefts; have resulted in ecological overshoot of between 700 to 400,000 percent; manifested in the crossing of dangerous planetary ecological tipping points:– (i) [Loss of Biodiversity and Species Extinctions](#); (ii) [Climate Change](#); (iii) [Nitrogen Cycle](#); (iv) [Ocean Acidification](#); (v) [Changes in Land Use](#); (vi) [Global Freshwater Use](#); (vii) [State Shift in the Earth's Biosphere](#); (viii) [Peak Non-Renewable Natural Resources: Scarcity](#) are currently destroying our Planet's Natural Capital, with devastating current and impending [human sacrifice ‘scarcity-conflict’](#) consequences.

HAARP related technologically capable of evacuating one or ten thousand or more individuals; excluding pre-selected individuals; from the planetary genepool:

“So when President Bush declared in Tuesday's State of the Union address that "America is addicted to oil" and insisted the United States "break this addiction," Washington was thrown into one of its occasional paroxysms of confusion. Did the President mean it? What did these strong words imply? Why was a Texas oil man urging Americans to "move beyond a petroleum-based economy"? For more than 30 years, Richard Nixon's trip to China has been the standard for bold Presidential action that seizes the initiative, surprising allies and opponents alike with a visionary change in direction. It's too early to say whether President Bush's focus on America's oil addiction meets that standard. (As Tom Friedman quipped in the New York Times, it "was more like Nixon goes to New Mexico.") Words in the State of the Union are a start. Now serious and sustained policies must follow.” – David Sandalow: [President Bush and Oil Addiction](#). Gabor Mate: [What is Addiction?](#)

“A weapon is only good if someone knows what its capability is. Prior to using the atomic bomb it was irrelevant. They refer to it as the Nagasaki Syndrome.” -- Michael C Ruppert; [Promis](#); copy filed in [HC-CPD A696-04: High Court Review of CST-CAS 572-2002](#): Heads of Argument Attachment: H.4. What is Promis and What does it Do? PROMIS stands for Prosecutor's Management Information System.

In [Covert Operations of the NSA](#) John St Clair Akwei; a former NSA employee describes how the NSA can psychotronically manipulate the thoughts and bodily functions of any individual on the planet. Put differently; the NSA or any other nations intelligence agencies; such as Britain's MI6, or Russia's FSB/KGB; or Israel's Mossad; can remotely manipulate the thoughts of any one or more persons; and the internal organs in their body; such as induce a heart attack or stroke, pull a tendon or muscle; fill the lungs with water to induce pneumonia [..]; and aggravate an already inflamed intestine to activate an gastrointestinal bleeding attack, [put a village to sleep](#); influence the [behaviour](#) or [die-off](#) of animals; etc. Covert Operations of the NSA is a matter of court record in: (i) John St Clair Akwei vs National Security Agency: Ft George G. Meade, MD, USA (Civil Action 92-0449); (ii) [GMC C572-02: State v Lara Johnstone](#) about the 18 June 2002 PW Airport bomb threat made via the George Herald; (iii) [GMC 2578-14: Lara Johnstone v Frode and Talitha Moe](#).

In [Angels Don't Play this HAARP](#), Dr. Nick Begich and Jeanne Manning provide a detailed overview of HAARP technology and its capabilities to: disrupt human mental processes; jam all global communications systems; change weather patterns over large areas; interfere with wildlife migration patterns; negatively affect one or more individuals health; unnaturally impact the Earth's upper atmosphere. A Begich HAARP interview is a matter of court record in: [HC-CPD A696-04: State v Lara Johnstone](#) | Vladimir Zhirinovsky: [Scalar Weaponry](#).

Dr. John Hall: [Government Mind control technologies](#) | Psychotronic mind control technology which can be used to psychotronically manipulate anyone from lone wolf terrorists such as Timothy McVeigh [[Kathy Kasten](#)] or Aaron Alexis [[Anthony Forwood](#)]; to activists whether Bradley/Chelsea Manning, Edward Snowden and Julian Assange; etc | Michael Ruppert: [Intelligence Agencies use of surveillance documentation for selective targeting of individuals or corporations in war](#) | Guardian: [Edward Snowden NSA surveillance documentation](#). The Guardian's selective reporting of Snowden's NSA files is a matter of court record in: EU Curia General Court at Luxembourg: [Johnstone v Adresseavisen et al](#) | Israel Shin Bet Generals: [intelligence agency surveillance capabilities](#).

Will EoP Axis Officials authorize the use HAARP technology on a city wide scale:

“The composition of the Greens seems to be the same as that of the population in general — mainly pieces of drifting wood, people who never think.” – Finnish anti-civilization deep ecologist [Pentti Linkola](#)

“Civilization feels like death to me” – [Tim Cope](#) on Rusty, one of his Mongolian horses at Blue Lake near the 3000-m Kharkhiraa pass in western Mongolia, at the beginning of the Altai Mountains; on his Genghis Khan footsteps journey across the Eurasian steppe.

I personally don't think EoP Axis Officials would hesitate to evacuate more than a few individuals at a time; to the extent of an entire city or cities; particularly if they had made significant efforts to provide the individuals in the targeted cities with sincere compassionate buck stops here information opportunities to cooperate with them to nonviolently implement an Ecology of Peace international law social contract.

Once one city has been evacuated; the others can hardly deny EoP Axis officials are serious about the military necessity of implementing an Ecology of Peace international law social contract. Whether they shall choose to nonviolently cooperate and inform their fellow city residents to sign the EoP Axis Oath; or remain defiant demanding that half of their cities lawyers, mental health, religious, media, non-profit and scarcity combatant citizens be evacuated en masse; before they choose to inform their remaining city residents to sign the EoP Axis Individual Oath; remains to be seen.

~~~~~ *~~~~~*

City residents should submit their EoP-Axis oaths to their city administrators. If their city has not yet signed the City EoP-Axis oath, such residents should submit a copy of their Individual EoP Axis Oath to the EoP Axis Commonsism crowdmap, using the [Submit a Report function](#); attaching a copy of their Oath as PDF link. Once verified; they shall be listed at [EoP Supporters](#); or can be found on [Commonsism Crowdmap](#) under *EoP Supporters* filter.

RE: Tony Oposa: Ecology of Peace ICC Private Prosecution Assistance of Counsel Request

Re: Professor Antonio A Oposa is in a remote place without proper internet access.

Not a problem

May we respectfully request for the following questions to be answered, such as:

1. What is it that you need from him?

To consider whether he would be interested in providing the Ecology of Peace applicants with Assistance of Counsel legal advice to file the [Ecology of Peace private prosecution](#) to the International Criminal Court. In far more detail; as per the original correspondence to Mr. Oposa [[PDF](#): transcript of all request for assistance of counsel correspondence to Mr. Oposa].

2. How did you know of him, get his name and e-mail address.

Don't remember where I read about him. I saw his email and your email address on his facebook page; where he had posted it.

3. *Who referred you to him.*

Directly. Myself from reading about him. [Psychotronically](#): Vladimir Putin and Timothy McVeigh, via the NSA and FSB.

Professor Oposa extends his regrets as he has other International commitments.

Well if he changes his mind about providing his legal skills to support the implementation of an Ecology of Peace international law social contract; he is welcome to let me know; hopefully before the economy and current international and national law collapses; cause then it shall be too late; or EoP Axis authorities implement the EoP Axis Military Necessity Evacuation Lotto; the first two countries on the lotto being: Phillipines [[PDF](#)] and India [[PDF](#)].

If EoP Axis authorities [Leaders of Russia, China, USA & NATO] choose to implement the [EoP Axis Military Necessity Evacuation](#) Lotto; half of India and Phillipines scarcity combatants and breeding/consumption war extremist shall be psychotronically humanely killed en masse; unless they have signed EoP Axis Oaths; template for an EoP Axis oath is available at [EoP Supporters](#).

An EoP Military Necessity Evacuation:

- (a) Scarcity combatant is any citizen who is a member of the following professions: (i) Law: Judges, Prosecutors & Lawyers; (ii) Mental Health: Psychologists & Psychiatrists; (iii) Media: Print, TV or Radio: Editors, Producers & Journalists; (iv) Religious & Non Profit: Officials and Employees of any religious worship or charity organization with State non-profit status.
- (b) Breeding / consumption war extremist is any adult individual over the age of 18 who has co-procreated more than 3 children who survived beyond the age of 5; or possess capital assets amounting to more than US \$ 2.55 million.

RE: Tony Oposa: Ecology of Peace ICC Private Prosecution Assistance of Counsel Request

Apologies: (i) edited for clarity; (ii) I forgot to include all primary EoP Axis [PDF] & IL Coercion [PDF] decision-makers; referred to in correspondence to yourself and Prof Oposa.

If Prof Oposa sincerely and honourably cares about non-violent implementation of ecological law principles that address the root causes of ecological resource depletion and destruction; as opposed to simply the symptoms thereof: I request that he consider whether he would be interested in providing the Ecology of Peace applicants with Assistance of Counsel legal advice to file the [Ecology of Peace private prosecution](#) to the International Criminal Court. In far more detail; as per the original correspondence to Mr. Oposa [PDF: transcript of all request for assistance of counsel correspondence to Mr. Oposa].

I don't remember where I read about Prof Oposa. I saw his email and your email address on his facebook page; where he had posted it. He was directly referred to me, by myself; from reading about him. Prof Oposa was [psychotronically](#) referred to me by Vladimir Putin and Timothy McVeigh, via the NSA and FSB.

If or when Prof Oposa changes his mind about providing his legal skills to support the implementation of an Ecology of Peace international law social contract – to eliminate the root Masonic War is Peace right to breed and consume with total disregard for ecological carrying capacity limits clauses of the international law social contract -- he is welcome to let me know.

Hopefully before (i) EoP Axis authorities implement the [military necessity](#) mutual coercion last resort option of the [Ecology of Peace NWO social contract options](#); which may include him; if he has not signed an EoP Axis Oath; and/or (i) the world economy and with it current international and national law collapses; then it shall be too late.

World Economy Collapse Info:

The causes of the world economy collapse can be found at [Ecological Tipping Points](#) and [Ecological Overshoot](#).

EoP Axis Military Necessity Evacuation Info:

If EoP Axis authorities – Leaders of Russia, China, USA & NATO – and/or IL Coercion authorities choose to implement the [EoP Axis Military Necessity Evacuation](#) – as detailed in *26 September 2015 Military Necessity Evacuation Lotto Pool Notice to Nation State Supreme Court Judges & Attorney Generals of: Bahrain, Brazil; Brunei, Burundi, China, Germany, India, Japan, Kuwait, Luxembourg, Mali, Malta, Mexico, Monaco, Netherlands, Niger, Philippines, Qatar, Singapore, Somalia, South Korea, Uganda, United Kingdom, United States of America, Vatican City* [\[PDF\]](#); Proof of Service [\[PDF\]](#) – the first two countries on the EoP Axis Military Necessity Evacuation lotto are: Phillipines [\[PDF\]](#) and India [\[PDF\]](#).

Lotto Military Necessity Evacuation implementation shall result in half of India and Phillipines – or subsequent lotto draw nations – scarcity combatants and breeding/consumption war extremist's – whom Masonic War is Peace legislators, lawyers and judges formerly provided with [Breeding/Consumption Innocence for sale Indulgences](#) – being psychotronically humanely killed en masse; unless their city or the citizen has signed EoP Axis Oaths and provided such oaths to EoP Axis authorities as documented at [EoP Supporters](#).

An EoP Military Necessity Evacuation:

- (c) Scarcity combatant is any citizen who is a member of the following professions: (i) Law: Judges, Prosecutors & Lawyers; (ii) Mental Health: Psychologists & Psychiatrists; (iii) Media: Print, TV or Radio: Editors, Producers & Journalists; (iv) Religious & Non Profit: Officials and Employees of any religious worship or charity organization with State non-profit status.
- (d) Breeding / consumption war extremist is any adult individual over the age of 18 who has co-procreated more than 3 children who survived beyond the age of 5; and/or who possesses capital assets amounting to more than US \$ 2.55 million.

In Masonic twilight language terms – see for example [Stan McChrystal's Bite Me version](#) – 'Eugene' could be analysed into: EU gene aka Aryan gene. 88 are HH; the numbers for Heil Hitler; whose failed Beerhause – where people get drunk, and twelve steps AA [See [Tiergarten](#) & Gen Burwell Bell [Asant Inst](#)] programs where they sober up -- putsch was on 08-09 November, spelling 911, same as: 11 September.

If my working hypothesis that events as occurred between State Security Agency officials and Eugene de Kock in the parking lot at the Kgosi Mampuru II prison in Pretoria; were at least partially psychotronically manipulated by FSB, NSA and/or Mossad intelligence agencies; are reasonably accurate; and any of the aforementioned coincidences were partially deliberately manipulated coincidences; one possible interpretation could be that – with regard to Mr de Kock – the message embedded in the coincidences could be related to former EoP v WiP negotiations correspondence to Mr. de Kock.

Former EoP Correspondence to Eugene de Kock:

Prior to reading the article that states that you are Mr de Kock's attorney; I was not aware of whom Mr de Kock's attorney was. If I had been aware of whom Mr. de Kock's attorney was; I would have sent the previous correspondence to Mr de Kock to him, via you.

Copies of previous correspondence sent to Mr de Kock via Annemarie Jansen, Piet Croucamp & Wouter Basson – none of whom responded to (a) confirm whether they forwarded the correspondence to Mr de Kock; or (b) to provide me with your name and details so that I could send the correspondence to Mr de Kock via yourself – are available in EoP Applicants: Request Assistance of Counsel: FSB-NSA: End EoP: Eugene de Kock [PDF].

Mr de Kock is not obliged to accept my request. If he declines my request; I shall contact other individuals such as Craig Williamson in South Africa; or Igor Strelkov aka Girkin in Russia; to ask if they are willing to help or may know someone they trust who would be willing to help.

If Mr. de Kock has not finally decided on the matter; because he requires any questions answered to enable him to make a decision; to ask such questions, via yourself if he prefers; so that I can provide him with answers, as best I can; so that he can make a decision.

So: whatever Mr de Kock's decision is; it would be appreciated by me and EoP Applicants; if he provides us with his answer; and/or questions, as soon as possible.
